## ENERVEN WINS WITH RAPID ROLL-OUT OF SOLAR AND BATTERY SOLUTIONS FOR WATER UTILITY

Enerven, an SA Power Networks company, has won the Australian Construction Achievement Award. Their Zero Cost Energy Future project for SA Water saw Enerven design and build over 242GWh of solar photovoltaic (PV) and 34MWh of energy storage across 33 South Australia water sites in less than 24 months. This storage enables SA Water to manage their excess energy production and feed it back into the grid to achieve a zero-net outcome.
