WHEN CARING BECOMES THE CULTURE

CK Group companies were awarded more “Caring Company Logo” designations than any other corporate group in Hong Kong. Not only did the group receive a record 166 awards across subsidiaries but many companies were awarded 5, 10, 15 and even 20 Year Plus Awards for consecutive awards, demonstrating the CK Hutchison Group’s commitment to fostering “strategic partnerships between the business and social welfare sectors to promote corporate social responsibility and build an inclusive society”. This includes A.S. Watson which, in addition to receiving a 20 Year Plus Award, also received a Barrier Free Award and an Outstanding Partnership Project Award.
