HUTCHISON PORTS YANTIAN SHOWCASED AT THE UNITED NATIONS CLIMATE CHANGE CONFERENCE

Hutchison Ports Yantian received an invitation from the Yantian District Government to participate in the world's largest gathering to address climate change concerns, the UN Climate Change Conference in Sharm El-Sheikh, Egypt late last year. Its presentation on resource husbanding and its efforts to build an environmentally friendly society included the Port of Yantian for its efforts in developing a leading international, green and low-carbon port operation.
