ON BOARD, OFF BOARD, 3 HONG KONG'S 5G BROADCAST SAYS THANK YOU FOR THE MUSIC

Hong Kong's post-COVID-19 recovery has been replete with over-the-top events. The Hong Kong Chinese Orchestra was brought to the world from live on board the cruise ship Resorts World One through 3 Hong Kong's 5G technology. In support of the government's Happy Hong Kong programme, the event was Hong Kong's first-ever live boat-based broadcast from a cruise ship at sea. The Chinese music could be appreciated by people on the high seas and around the world!
