3 SWEDEN LAUDED AS TOP TECH EMPLOYER FOR WOMEN

3 Sweden continues its winning streak, clinching the Career Companies award for the fourth consecutive year. This year, 3 Sweden also earned recognition as the most attractive employer for women in the tech industry for 2024. These findings were reported in a survey conducted by Karriärföretagen (an annual award from which Sweden's most attractive employers are selected) from October 2023 to March 2024. The survey covered female members of its Students and Young Professionals network, representing approximately 30,000 individuals, with women making up 55% of the network. This prestigious acknowledgement reaffirms 3 Sweden's commitment to fostering inclusivity and gender diversity in the workplace, solidifying its reputation as a sought-after destination for aspiring female tech professionals.
